Instructions for the Craft Cont'd:

- Cut masking tape to connect each pair of sticks. Do not have masking tape come to the end of the craft sticks. Leave about 1/2 an inch from the ends. (P4)
- Match up the craft stick pairs with the characters before adhering them. (P5)
- Roll double-sided tape over the masking tape onto the paired sticks and place paired characters 1-9 on them. (P6, P7)
- After adhering the characters, turn all craft sticks over so that the back of the craft sticks without the images is facing you.
- You are now ready to connect all the sticks. Tear off a piece of clear tape and place between each pair. For example you would place a piece of tape between sticks 2 & 3, 4 & 5, 6 & 7, etc... Do this to all the pairs until done. You will not have any tape on the end sticks. (P8)
- Accordion fold all of the sticks when you are done so that they will stand up well. This also helps when storing the craft. (P9, P10)
- If you choose to write the names of the characters on the back of the sticks, place a piece of masking tape on the back of each stick and write their names with permanent marker. Writing on the sticks directly causes the ink to soak into the wood and blur. (P11)
