Special Feast Edition

INTRODUCTION

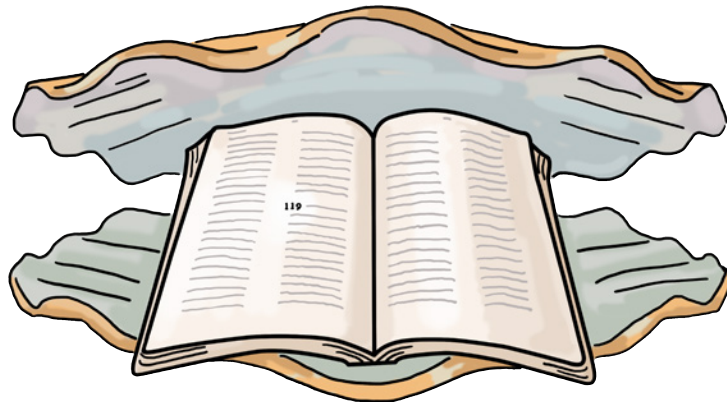

This Parsha Pearls Feast Edition is designed specifically for Chag HaSukkot - the Feast of Tabernacles, and Shemini Atzeret - the 8th Day Assembly. In Leviticus 23:1-2, Yahweh told Mosheh to speak to the children of Yisra'el about His appointed times (moadim), which they were to keep as set-apart gatherings (mikra kodesh). Three times each year, the children of Yisra'el were required to travel to Yerushalayim (Jerusalem) to observe one of the 3 pilgrimage feasts (shalosh regalim).

The 3 spring festivals are:

1. Passover (Pesach)
2. Festival of Unleavened Bread (Chag HaMatzot), which immediately follows Passover
3. Feast of Weeks (Chag HaShavuot)

The 4 autumn festivals are:

1. Day of Trumpets (Yom Teruah/Zichron Teruah/Rosh HaShanah)
2. Day of Atonement (Yom Kippur), Day of Atonements (Yom HaKippurim)
3. Feast of Tabernacles (Chag HaSukkot)
4. 8th day Assembly (Shemini Atzeret), which immediately follows Sukkot

Sukkot is the 6th appointed time (moad) of the year. According to Yahweh's calendar, it is observed for 7 days from the 15th to the 21st day of the 7th month of Tishrei. It is commonly referred to as the Feast of Tabernacles or Booths. *"Speak to the children of Yisra'el, saying, 'On the 15th day of this 7th month (new moon) is the Festival of Booths (Festival of Sukkot) for 7 days to Yahweh. On the 1st day is a set-apart gathering (mikra kodesh), you do no servile work. For 7 days you bring an offering made by fire to Yahweh'"* (Lev. 23:34-36).

Shemini Atzeret also known as The 8th Day Assembly or The Last Great Day, immediately follows the Feast of Tabernacles and is a concluding festival. It is the 7th appointed time (mo'ad) of the year. According to Yahweh's calendar, it falls on the 22nd day of the 7th month of Tishrei. *"On the 8th day there shall be a set-apart gathering (mikra kodesh) for you, and you shall bring an offering made by fire to Yahweh. It is a closing festival; you do no servile work"* (Lev. 23:36).

Leviticus 23:39 also tells us, *"On the 15th day of the 7th month (new moon), when you gather in the fruit of the land, celebrate the festival of Yahweh for 7 days. On the 1st day is a rest, and on the 8th day a rest."*

These festivals were commanded by Yahweh to be kept by the children of Yisra'el throughout their generations, and that is why we are observing them as well (Lev. 23).

Pearl Seeking

TREASURING HIS WORD

Yahweh gave the children of Yisra'el specific instructions regarding His Appointed Times. The command to keep Yahweh's back-to-back festivals of Sukkot and Shemini Atzeret, the 6th and 7th feasts, can be found in Lev. 23:33-36 & 39-44. We have created a special Parsha Pearls lessons to help us learn about and celebrate the festival of Sukkot.

DIGGING DEEPER

Read Neh. 8:14-18 - the account of Ezra reading the Torah to the children of Yisra'el during the festival of Sukkot. Discuss the significance of this event.

As a contrast, read 1 Kings 12:32-33 - the account of Yarob'am (Jeroboam) the king of Yisra'el, who instituted a feast in the 8th month on the 15th day instead of the 7th month as Yahweh had instructed. What does it say about the condition of his heart?

It is understood that Sukkot represents the millennial reign. Read passages in Isaiah that describe the millennium (Isa. 2:1-4, 11:6-9, 35:1-10, 65:25). Also refer to Zech. 14:16-19. What is the punishment for not observing the festival of Sukkot during the millennium?

Read the verses in the Gospel of John 7:2, 37 which refer to Yeshua's observance of Sukkot and the 8th day Assembly.

Discuss why Yahweh would want us to dwell in temporary dwellings during the week of Sukkot. Refer to Heb. 11:3. Does He perhaps want us to remember that we are strangers and pilgrims in this world?

It is understood that the 8th Day Assembly, or the Last Great Day, represents the Great White Throne Judgment. Read the passage in Rev. 20:11-15 which refers to this.

CRAFT

Sukkah

Lev 23:42

This is an alternative craft to the Notebook Page to be used as an interactive and decorative piece to enhance your Sukkot experience. Parents can choose to do this with their children during the festival as a bonding experience.

Materials:

- Cardstock - white
- Dowels - 3/8" cut into (4) 8" long & (4) 5 1/4" long
- Skinny sticks - (33)
- Needle or sharp tool (to attach fruit & vegetable stickers to twine)
- Plastic greenery (to cover roof)
- Twine
- Hot glue or *Tacky* glue
- Scissors
- Coloring pencils, crayons or markers
- Optional: fruit & vegetable stickers (to hang as decorations)
- Optional: sandpaper (to smooth the dowels after they are cut)
- Optional: clamp (to hold dowels together while drying to strengthen bond)
- Craft Template: A (BW or color)

Parent/Teacher Preparation:

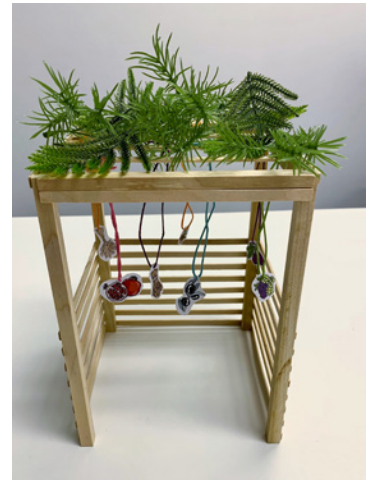

- Print Craft Template of choice on white cardstock.
- Gather and cut all the dowels and skinny sticks. (P1)
- Sand the ends of the dowels if desired. This may help in them adhering better to each other when adding glue.

Instructions for the Craft:

- If using BW Templates, color using medium of choice.
- Cut out all Template pieces. (P2)
- Lay aside for now.

Assembling the Left and Right Walls

- Arrange 2 of the 8" dowels and 2 of the 5 1/4" dowels on a table to make a rectangle. This will be one of the side walls. (P3)
- Note that one of the 5 1/4" dowels will not be glued at the end. It can be placed about 2" inside the rectangle at the open end. This is just a place holder for now.
- Apply *Tacky* glue to the ends of one of the 5 1/4" dowel and connect it to the ends of the 8" dowels.
- Hold firmly together or use clamps and allow to dry. (P4)
- At the open end of the rectangle, glue one skinny stick onto the top. (P5a, P5b)

Instructions for the Craft Cont'd:

- Place another skinny stick against the glued one to use as a spacer.
- Now glue another skinny stick onto the top next to the spacer.
- Continue this pattern of the skinny sticks spacer and glue sticks until you have added 8 glued sticks. Be careful not to glue the spacer. You can remove the $5 \frac{1}{4}$ " dowel at this point as it is not needed for a space holder. (P6a, P6b, P6c, P6d)
- Repeat these steps for the other wall.
- Allow both walls to dry. You can use clamps at this point to assist in the bonding process. (P7a, P7b)

Assembling the Roof

- Apply *Tacky* glue to the ends of 2 of the $5 \frac{1}{4}$ " dowels.
- Place the 2 dowels onto the ends of one of the side walls at the top away from the skinny sticks. (P8)
- Apply *Tacky* glue at the other end of the 2 $5 \frac{1}{4}$ " dowels. (P9a, P9b)
- Now take your other wall piece and place it over the glue at the top. (P10a, P10b)
- Allow to dry. (P10b)

Assembling the Back Wall

- Lay the front of the Sukkah face down. At this point it doesn't matter which side you choose to be the front or the back. (P11)
- Apply *Tacky* glue to the ends of a skinny stick and adhere to the back of the Sukkah at the bottom.
- Now as you did with the side walls, lay a skinny stick against the glued one to use as a spacer.
- Glue another skinny stick next to the spacer.
- Continue with this pattern until you have added 8 glued sticks taking care not to glue the spacer. (P12a, P12b)

Lulav Shake

Sukkot is a harvest holiday
The celebration lasts for seven days
We build our sukkah, then we decorate
A special booth in which we congregate

Chorus:

Do the lulav shake (shake, shake, shake) (3x)
Do the lulav shake

The symbols of Sukkot are quite unique
They show Yah's presence the entire week
The etrog's smell, it gets into the air
We wave the lulav everywhere

Chorus

Hadas and aravah on either side
Surround the lulav that we shake with pride
To north, the south, the west and to the east
We celebrate and then we feast

Chorus

SWEET TASTE OF TORAH

This snack relates to this week's lesson. Please take these as suggestions and make necessary changes based on your individual dietary needs.

Edible Sukkah

Lev. 23:42

Ingredients:

- *Graham crackers* (for sukkah walls)
- Pretzel rods (for roof branches-approx. 3-4)
- Marshmallow fluff (used as adhesive)
- Candies of choice (for sukkah decorations)
- Coconut flakes (for roof)
- Green food coloring (for coconut flakes)
- Optional: Green frosting to create grass

Instructions:

1. Assemble your walls using *Graham crackers* and marshmallow fluff as adhesive.
2. Spread marshmallow fluff onto one side of your pretzel rod and sprinkle your green coconut flakes over the fluff to adhere leaves to your branches. Do this for all your pretzel rods.
3. Lay pretzel rods gently over your sukkah walls.
4. Using candies of choice, place them over your roof. You may use marshmallow fluff to adhere the candies to the roof.
5. You can also make a table and chairs as well for the inside of your sukkah using *Graham crackers* or square pretzels to invite ushpizin (guests) over.
6. Lay a yellow candy on your table to represent the etrog and a pretzel stick to represent the lulav.
7. We used green frosting to represent grass but also as extra reinforcement for the walls and table. Our sukkah wasn't large enough to make chairs but you can make your back wall longer by using more *Graham crackers*.
