

# Precious Possessions

## CRAFT

### Materials:

- Empty glow sticks container (10½" cardboard tube with end caps)
- Ruler
- Permanent marker
- Knife or other cutting tool
- Sandpaper (to smooth out holes)
- Paint or markers
- Items of choice to decorate flute

### Flute

Genesis 4:21

#### Parent/Teacher Preparation:

- Parents may need to guide/supervise their child with the cutting tools to make the flute holes.

### Instructions for the Craft:

- Measure 1¾" from the end of the tube and mark a dot with the permanent marker for the first hole. (P1)
- Using a cutting tool, drill the first hole out to approximately ¼" (P2)
- Roll sandpaper tightly and sand the hole using an up and down motion, being sure to remove any debris so it is clean and smooth. (P3)
- Measure the distance from the same side and make a dot at the 4, 5, 6, 7, 8, and 9 in. increments. (P4)

P4

## Instructions for the Craft Cont'd:

- For younger children you may choose to stop drilling holes here as it is easier to make a noise with only one hole. Just skip the next 2 steps if that is the case.
- Drill holes using the cutting tool at each of the 6 marks you just measured. (P5)
- Roll sandpaper tightly and sand the holes using an up and down motion, being sure to remove any debris so they are clean and smooth. (P6)
- Place one endcap from the glow stick tube back on the end with the large hole. (P7)
- Cut a hole of any shape in the other end - a triangle would be easiest to cut. (P8)
- Place the endcap with the hole in it on the other end of the cardboard tube. (P9)
- Decorate flute as desired. (P10)

*This craft represents a flute that Yubal who was the father of all those who played the lyre and flute and Qayin's descendent played.*
